Kidvive Fun & Learn Activity School is an online learning platform designed for children aged 2 to 6 years. Our school offers a carefully structured curriculum across four levels: ECD (2-3 years), Play (3-4 years), Nursery (4-5 years), and KG (5-6 years), focusing on the developmental needs of young learners. Each level is designed to provide children with a strong foundation in key academic areas while making learning engaging and enjoyable.

In the ECD level, we emphasize parental involvement, guiding parents on how to teach their children essential skills in motor development, communication, and early cognitive abilities. The goal is to create a strong foundation at home that supports children's early learning.

At the Play level, children begin learning alphabets, words, tracing, and rhymes while also exploring basic math and science concepts. The curriculum is designed to keep children engaged and curious, offering subjects like Bangla, English, Math, Storybooks, and Coloring, all taught in a fun and interactive way.

The Nursery level builds on these skills by introducing sentence formation, expanding vocabulary, and diving deeper into intermediate science concepts. Children are also encouraged to develop their critical thinking and problem-solving abilities through subjects like Bangla, English, Math, and Storybooks.

In the KG level, children refine their sentence-making, continue learning math and science, and work on writing skills with fill-in-the-blank rhymes. This level focuses on preparing children for formal schooling, giving them the necessary tools to succeed in a school environment.

At Kidvive Fun & Learn Activity School, we combine interactive learning and engaging activities with a focus on parental involvement, ensuring that children receive a well-rounded education. Our goal is to make learning enjoyable while providing children with the skills they need for future academic success.

Fun, Learn & Grow

The Play level is designed to enhance early learning skills through interactive and engaging activities. At the Play level, children begin their educational journey by learning alphabets, words, tracing, and rhymes memorization. They are introduced to basic science concepts and start engaging with subjects like Bangla, English, Math, Storybooks, and Coloring Books. This stage encourages interactive and creative learning to build a strong foundation for future studies.

Fun, Learn & Grow

About Our Program

Play (Level 2) Ages 3-4

The Play level is the foundation stage where children start formal learning in a fun and engaging way. This level focuses on alphabets, words, tracing, and rhymes memorization, which helps build early literacy skills. Children also develop fine motor skills through tracing and coloring exercises, preparing them for proper handwriting in later stages.

A key highlight of this level is the introduction of basic science concepts, encouraging kids to explore their surroundings and develop curiosity. Children engage in age-appropriate experiments and observations to understand the world around them. They begin learning Bangla by recognizing letters and forming simple words. In English, they get introduced to alphabets, sounds, and basic vocabulary. Math at this stage includes identifying numbers, counting, and understanding basic shapes. Storybooks become an essential part of learning, helping children improve listening and comprehension skills. Coloring activities further enhance creativity and motor coordination.

Learning Outcome

Linguistic Skills

Social & Emotional Skills

Routine Building

Sensory Development

Confidence Building

Growing Healthy Body

Scientific Thinking & Inquiry

Environmental Awareness

Fine Motor Skill

Visual & Auditory Skills

Nurturing Creativity

Building Brain Power

Moral Values

Creativity & Imagination

Communication Skill

Developing Life Skill

A Fun & Engaging English Workbook for Kids!

This English Workbook helps young learners master the basics of reading and writing through alphabet tracing, word practice, and fun activities. Kids will build confidence in English while improving their handwriting and letter recognition. With engaging exercises and beautifully designed pages, learning becomes exciting and effective. Let's learn, trace, and explore the world of words!
